Counting Word Problems for 1st Grade

Answers

1. 4

2. 2

3. 4

4. 4

5. 3

6. 5

7. 4

8. 6

There are 4 blue circles and only 3 purple circles. Therefore, there are more blue circles than purple.

9. 6

10. 5

11. 5

12. **They are equal!**

There are 5 blue squares and 5 pink squares. That means that they are equal.

13. 4

14. 2

15. 3

16. 9
